For programming in a new remote you need to enter the additional code of '1,1', following the guide above, so that you have entered a total code of '1,2,3,1,1'. After this the LED will flash repeatedly for two seconds and in this time the new remote must be pressed. The siren of the alarm will give a single beep

Products ...

Hi guys, I need a replacement remote for my car. I currently have an AutoWatch make, but it is falling apart. I am looking for a distributor in the JHB North area please. Furthermore, can I get a new key with a built-in remote and have them program it? Or am I now asking too much? :rolleyes:
Thanks in advance!
