### Big Bug Book

"This giant, splendidly illustrated book of bugs will have children reaching for a magnifying glass instead of that fly swatter. Bugs have never looked better than in Zommer's colorful, often comical little portraits and glorious natural backdrops, from gardens to ponds.

### The Big Book of Bugs (The Big Book Series): Zommer, Yuval ...

In Cole's latest picture book, an object can be seen as big or little depending on context. The words "Big bug" appear on a double-page spread almost filled with a picture of a ladybug. The next spread, illustrating "Little bug / Big leaf," shows a smaller picture of the same ladybug on a large leaf.

The Big Bug Book is an good informative book that tells a lot about the world of bugs. Each page of this book displays a different type of bug. Some of these bugs are harmless and beautiful while others are the type that could show up in nightmares. This would be a good book for some students but not others.
