In my blog series covering the transition from Exchange 2007 to Exchange 2010, I mentioned here that Blackberry Enterprise is fully supported, and that RIM announced a free version on February 16th called BES Express. BES Express was first made available for download on March 2nd. On March 3rd, RIM announced that each BES Express download qualifies for one free support incident.

### Exchange 2010 and Blackberry Enterprise Server Express 5.0 ...

If youre seeing MAPI issues then you should call BES support. There probably is a communication problem between Exchange and BES. Get the version of Exchange Server and BES and the MAPI file on both servers and see if they are at the correct version. Did you do an upgrade or updates or anything?

### BlackBerry® Enterprise Server Express - Experts Exchange

BlackBerry Enterprise Server Express can be installed on an Exchange or SBS server, which can handle as many as 75 clients, or on a stand-alone BESX server to support as many as 2,000 clients. BlackBerry BES Server Express is a great alternative for small- and medium-sized organizations who before now couldn't afford connecting employees' BlackBerry devices to the corporate IT system.

### Evaluating BlackBerry BESX in a Small or Midsize Company

The whole attraction of MS BPOS is to avoid major spend for businesses. As a small business owner, I have signed my entire business up to MS Exchange Online only to find that it is incompatible with BES Express, which is free, and that I therefore have to pay £35 per month to my mobile provider for remote sync'ing of my calendar and contacts.

### Blackberry Enterprise Server Express

The BlackBerry Enterprise Server Express Edition offers businesses the ability to enable their staff to use BlackBerry devices to receive push-based email from an existing Microsoft Exchange installation - both standalone Exchange servers and the Microsoft Small Business Server product.

### Installing BlackBerry Enterprise Server Express for ...

The BES server though still seems to be installed. I can still open BES Server Config but not BES Admin Service. Things I have tried : Services - I went into services and did not find and BES services, I did stop the Exchange services, this did not work. BES user, this user is no longer present in the AD,

or it seems within the Exchange.

### **Remove BlackBerry Enterprise Server for MS Exchange ...**

Our Exchange server runs on a new 2008 R2 server. As we will be switching to iPhones in the next 2 or 3 months we hoped to be able to run bes on the older unused W2003 R2 server as a temporary measure. I would still prefer to get it working on W2003 if its possible - If not we will have to install on the exchange server itself. Thanks.
