[eBooks] Changing Minds The Art And

Publisher's description: Minds are exceedingly hard to change. Ask any advertiser who has tried to convince consumers to switch brands, any CEO who has tried to change a company's culture, or any individual who has tried to heal a rift with a friend. So many aspects of life are oriented toward changing minds--yet this phenomenon is among the least understood of familiar human experiences.

Changing Minds: The Art and Science of Changing Our Own ...

In his book, Changing Minds, Harvard psychologist Howard Gardner explains what happens during the course of changing a mind - and offers ways to influence that process. Remember that we don't change our minds overnight, it happens in gradual stages that can be powerfully influenced along the way.
