Readings From International Society

This unique and engaging anthology introduces students to the major concepts of globalization within the context of the key debates and disputes. Introduces globalization through its basic concepts, rather than thematically; a distinctive approach that provides students with a better grasp of what social science has to offer on the topic Utilizes concepts from interdisciplinary sources ...

Readings in Globalization: Key Concepts and Major Debates ...

Globalization, that is the increased interdependency among economies with respect to trade of goods and services, as well as the flow of capital, people and ideas, has long had its pluses and minuses. Seen generally, globalization has led to a larger number of goods, greater variety and lower prices in markets globally.

Why globalization is going nowhere, despite the current panic
